

Watermelon | Crimson

Carmen F1

Carmen F1 | Main-Season | Crimson Sweet

Hybrid Crimson Sweet type with darker rind. This hybrid gives us consistently larger fruit than Crimson Sweet. Tested in many countries for several years, Carmen F1 has shown itself to be widely adapted and of high quality. Red fleshed, will ship to distant market. Like most hybrid watermelons from Hollar Seeds, Carmen F1 was selected for a high level of resistance to Fusarium Wilt.

Specifications:
